

# Global 500 Pharmaceuticals Company

## Introduction

This case study of a Global 500 pharmaceuticals company is based on a May 2018 survey of BitTitan customers by TechValidate, a 3rd-party research service. The profiled company asked to have their name blinded to protect their confidentiality.

“We started working with MigrationWiz during a huge migration project affecting our whole company. Today, we can say that was a good option! MigrationWiz helped us for years and is helping us now to implement clean, fast and secure migrations between our company divisions and new acquisitions.”

## Challenges

The business challenges that led the profiled company to evaluate and ultimately select BitTitan:

- Challenges faced before implementing MigrationWiz:
  - Manual processes causing errors and inconsistent results
- Identified data loss as the biggest pain point when performing any migration.
- Key reasons for purchasing MigrationWiz:
  - Cost-savings
  - Speed of migrations

## Use Case

The key features and functionalities of BitTitan that the surveyed company uses:

- Workloads migrated with MigrationWiz:
  - Mail
  - Documents
- Migrates more than 10,000 users on average with each MigrationWiz project.

## Results

The surveyed company achieved the following results with BitTitan:

- Since using MigrationWiz, migration projects have increased in efficiency by more than 50%.  
**MigrationWiz increased cost-savings by more than 10 times.**

### Company Profile

The company featured in this case study asked to have its name publicly blinded because publicly endorsing vendors is against their policies.

TechValidate stands behind the authenticity of this data.

Company Size:  
**Global 500**

Industry:  
**Pharmaceuticals**
